

# Trump's Education Cuts Will Impact You

In **IDAHO**, funding from the U.S. Department of Education:

## ✓ Supports over 314,000 kids across 700 Idaho K-12 schools

- \$64 million for Title I schools—which serve over 152,000 students—to guarantee every public school receives adequate funding and our kids have what they need to get ahead.
- \$78 million for 38,000 of our kids who receive help like speech services, reading support or other assistance to get to appropriate grade levels, to ensure accessibility for students with disabilities.
- \$7 million to ensure our schools are safe and teach life skills (through programs like career counseling), to set our kids up for success beyond the classroom.
- \$7 million for before- and after-school programs to support working parents and for clubs and sports to help our kids lead well-rounded lives.
- \$2 million to support students learning English.
- \$2.2 million for students enrolled in schools in rural communities.
- \$15 million to support students in military families or on Native American reservations.

**Estimated cuts to services supporting our kids: \$175.2 million**

## ✓ Develops our workforce

- \$13 million for career and technical education, including pathways to jobs through apprenticeship programs in traditional trades or STEM careers.
- \$45 million to ensure people who want a job—including those with disabilities—have the skills and access to the services they need to help them find a job.

**Estimated cuts to services supporting our workers: \$58 million**

## ✓ Invests in two- and four-year colleges and trade development

- \$7 billion in federal student loans, supporting over 220,000 Idahoans pursuing education beyond a high school diploma, including first-generation college students.
- \$135 million in Pell grants, ensuring over 31,000 students can pursue a college degree regardless of income status.
- \$501,000 to support students enrolled in Idaho's Hispanic-serving institution.
- \$15 million to help underrepresented students succeed—including those who are the first in their families to attend college, are from lower-income households or have disabilities.

**Estimated cuts to services supporting our continuing students: \$7.15 billion**

## ✓ Improves our schools and strengthens our communities

- \$730,000 to address the teacher shortage by hiring more teachers and support staff, continuing to train current employees, and keeping those who already serve our kids.

**Estimated cuts to services supporting our communities: \$730,000**
